# ADVANCE GLOBAL SYNERGY

sdn. bhd. 201701039326 (1253497-u)

EXPAND. EMPOWER. ENABLE.  
2017 - 2021

**Our vision  
is **add value** and  
help your  
business **grow** by  
leveraging on our  
niche skill-sets  
and networks.**

# Our journey so far...

## 2018

1. Published first-ever white paper on tobacco smuggling in M'sia.
2. Appointed by Perry Creek Capital LP (USA) to arrange engagements with several govt ministries.
3. Engaged MPOB on agro remote sensing + smallholder certification management.

## 2017

AGS was established to address demand in govt stakeholder engagement expertise & to develop JV projects in selected high growth areas.

## 2019

1. Enhanced marketing for satellite services in collaboration w/ Geospatial Insights Ltd (UK).
2. Embedded partnership w/ Triprogram Xcess Sdn Bhd for ICT and BDA services.
3. New partnership w/ Pekat Solar Sdn Bhd to promote PV systems for govt buildings.
4. New partnership w/ Adeante Energy Sdn Bhd to promote energy efficiency for commercial and public sector.
5. New partnership w/ You Group of Companies to revitalise the domestic security industry.

## 2020

We launched our new motto "Expand. Empower. Enable." to underline our key capabilities and their potential benefits to your business. This year is about turning over and delivering the desired outcomes from all our collaborations.

## 2021

1. Established working partnership with **Cypark Renewable Energy Sdn Bhd** to further empower our Janasuria initiative.
2. Entered MoU with the **National Diabetes Institute (NADI)** to futureproof their operations and expand their reach and capabilities in the field.
3. Rounded up our partnerships with **Adeante Corporation** and **Electric Library Sdn Bhd** to pursue our mutual goals in precision farming and smart solutions for the govt. sector.
4. Elevated our networking capabilities with stakeholders in RMP and the MAF towards securing their support and buy-in for our proposals.

# Who we are...

Senior Advisor

**YBhg. Dato' Zainol Abidin bin Taib**

Former Deputy Director-General for Royal Malaysia Customs

Senior Advisor

**YBhg. Dato' Zubaidah binti Ismail**

Former Commissioner of Police (Ex Director for Integrity and Standards Compliance, Royal Malaysia Police)

Executive Director

**Azlan Ibrahim**

A stalwart from the tobacco industry, Azlan brings more than 30 years of experience in corporate and government stakeholder engagement to the table. His stewardship, wealth of knowledge and network of business connections makes AGS what it is today.

Executive Director

**Mohamad Sheik Mana**

A veteran police officer and corporate security expert, Sheik has worked with some of the best 'MNC' through his exceedingly vast experience in both government and private sectors. Sheik is also a professional risk assessment specialist and occasionally advises on private investigations.

Chief Executive Officer

**Riduan Devaruban**

Another product of police training, Riduan has been on both divides of the private sector; as manager and professional services provider. An expert in commercial intelligence gathering, Riduan remains highly sought after for his keen insights and he has helped several industries regain their market dominance.

## **Our mission**

We aim to be part of the **paradigm shift** of the interconnected world. Having identified critical areas in Government and industry that require **innovation**, we wish to deliver solutions that will **increase** efficiency and effectiveness, leading to cost-savings and **optimised** revenue streams.

# What have we achieved?

Since our establishment, we have achieved several milestones and we are managing **official** engagements with **all** of our stakeholders in developing a solutions that are underpinned by our partners' range of products and services.

In 2019, we hit the ground running and **revitalised** our JV projects with fresh and exciting new approaches. We successfully leveraged on our stakeholders to develop **bespoke** solutions for their proprietary use, and all of them are **powered** by our JV partners superior products and services.

## Our current projects...

Solar PV installations under *NEM 3.0 MyGoMen* scheme for gov't sector. Green savings with zero cost from asset owners.

Precision urban farming at strategic locations around the country. Driving sustainability through innovation.

Satellite innovations powering remote sensing and other bespoke applications for public & private sector use.

Revitalising the domestic security industry to global standards. Raising the bar and surpassing expectations.

In just two short years, we have **advanced** in leaps and bounds. We are **intently** looking forward to operationalising our efforts this year.

AGS
